

QUESTAR SERVICE AND REPAIR **For Telescopes and Accessories**

In addition to our Standard Service, Questar is now introducing the "Inspection Service." The **Inspection Service** takes 1-2 weeks and **Standard Service** takes 2-4 weeks after approval is given, assuming there is no backlog of instruments to be serviced.

INSPECTION SERVICE:

- Basic inspection of mechanical and optical components
- Dust off and moderate cleaning of exposed optical surfaces
 - such as RI surface, barlow, finder lens, and mirror
- Check prism – minor adjustment and surface clean
- Check optical centering and resolution – no adjustment
- Check drives (RA and Dec) and motor-minor adjustment only
- Check and adjust finder collimation
- Wipe down instrument – no buffing or waxing
- Supply a report to customer on overall condition of instrument
- If additional repairs are required an estimate will be furnished

Standard and Duplex Questars	\$225.00 plus shipping
Field Model Questar	\$145.00 plus shipping
Birder	\$200.00 plus shipping
